INDEPENDENT STUDY

Parents taking their children out of CES for an extended period of time during the school year (due to family business and/or vacation) may request Independent Study for their child. A signed written agreement between the Principal, Parent and Teacher would have to be put in place **before** independent study is granted. Please make your request for Independent Study at least two weeks prior to the absence. Additionally, a student must be in good academic standing and have satisfactory attendance to participate in this program. Once the student returns to school, s/he must submit the assignments that were pre-approved by the teacher without delay.
